### REUSE BEFORE YOU RECYCLE YOUR PC!

5 February 2015 - 6 February 2015 ,09:00 - 17:00

Topics: Local Events

Computers 4 Africa provides a simple solution for the disposing of your redundant working PC. Your computer could be reused giving someone else a better way of life, better education and better opportunities.

Our charity encourages the local community to drop off their unwanted working computers, laptops, keyboards, flatscreen monitors and other PC accessories at our local appeal.

We will be in your area soon:

**Date: Thursday 5th and Friday 6th February 2015**

**Times: 9am – 5pm**

**Location: Unit 1B, Brooklands Retail Park, Port Road, Culverhouse Cross, Cardiff, CF5 6XW**

Our service is environmentally sound, ethical and free. All the computers we receive, are securely data wiped (up to Ministry of Defence standards), before being sent to schools and community projects across Africa.
